DETAILED ACTION

1. This action is in response to the pre-appeal brief conference request filed 10/18/06.
2. Claims 1-21 remain pending and are being allowed.

EXAMINER'S AMENDMENT

3. An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee. Authorization for this examiner's amendment was given in a telephone interview with Brenna A. Brock, # 48,509 on 12/11/06 to obviate the 101 issues.
4. The application has been amended as follows:

Claim 21. (Currently amended) An apparatus comprising:

a dynamic computing environment ("DCE"), wherein the DCE comprises a virtual subnet and a plurality of virtual computing devices;

(a) instructions for sending a command to a DCE to allocate resources for a phase in a software lifecycle, wherein the resources include a subnet, a computing device, a storage device, and software;

(b) instructions for configuring the DCE with the resources for the phase, wherein said configuring comprises coupling the subnet and the computing device, coupling the computing device and the storage device, and installing the software on the storage device;

(c) instructions for performing the phase using the configured DCE;

(d) instructions for de-allocating the resources upon completion of performance of the phase; and

(e) instructions for repeating instructions (a) - (d) for each of a plurality of phases in the software lifecycle subsequent to de-allocating the resources.

Allowable Subject Matter

5. Claims 1-21 are allowed.

6. The following is an examiner's statement of reasons for allowance:

The following claimed features are not shown or suggested by the prior art of record: The combined steps, in a method for using a dynamic computing environment ("DCE") for a plurality of phases in a software lifecycle, of configuring the DCE for a first phase in a plurality of phases by allocating and interconnecting a first subnet, first computing device and first storage device; using the DCE in the first phase; deallocating one or more of the first subnet, first computing device, and first storage device; configuring and using the DCE for a second phase in the plurality of phases, by allocating and interconnecting a second subnet, second computing device and second

storage device subsequent to deallocating the first subnet, first computing device and first storage device.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Conclusion

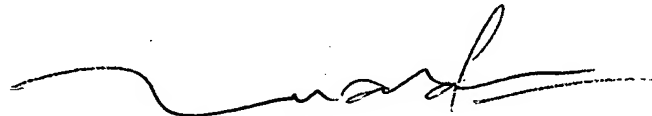

7. Any inquiry concerning this communication or earlier communications from the examiner should be directed to Andre R. Fowlkes whose telephone number is (571) 272-3697. The examiner can normally be reached on Monday - Friday, 8:00am-4:30pm.

If attempts to reach the examiner by telephone are unsuccessful, the examiner's supervisor, Tuan Q. Dam can be reached on (571)272-3695. The fax phone number for the organization where this application or proceeding is assigned is 571-273-8300.
